APPELLANT'S REPLY

COMMISSIONER OF PATENTS  
AND TRADEMARKS

WASHINGTON, D.C. 20231

DEAR SIR:

In response to the Examiner's Answer, please consider the following remarks.

REMARKS

The Examiner's argument states that "The inner wall of the clamp is seen in figures 2 and 5 to engage the upper, innermost portion of the cup rim." This use of "engage" should accurately be stated as "touches" in contradistinction to appellant's claimed arrangement in which the cup rim fits between the outer and inner portions of the cup rim or, as the claims state, "inner and outer lips which grip . . . the lip of the cup."

The Examiner further states that "Appellant's arguments . . . indicate appellant did not clearly understand the rejection set forth." Appellant disagrees and respectfully
